

Identification

Letter A: Katie

Level awarded

A good level 2C

Reasons why this level, and not the level above or below

Level 2B was not felt appropriate for the following reasons:

- punctuation lacks full stops
- there is some inconsistent use of capital letters
- there is not enough variation in sentence structure
- there is a lack of the use of connectives
- there is a lack of ambitious vocabulary
- the piece has more in common with the 'spoken word' than the written

However:

- spelling is better than 2C with monosyllabic words mostly spelt correctly
- there are some good attempts at polysyllabic words e.g. 'probley'
- the format of her letters is clear
- the letter is coherent and it flows quite nicely
- the quality of the presentation might influence the reader to award higher than 2C
